## REMARKABLE RECOGNITION!

In recognition of the work that takes place at Tatsfield to support pupils' personal development through PSHE and our Healthy School status, our provision has been identified as an example of excellent practice within Surrey. Mrs Knock has been asked to share the work that takes place at Tatsfield as a case study on the Surrey CC website [Case studies | Healthy Surrey!](#) Well done Mrs Knock!

A whole school approach to embedding needs based & effective PSHE

## FOREST SCHOOL

Despite it being one of the wettest terms ever, Year 2 and Year 3 have enjoyed a tremendous amount of fun and learning at Forest School. They have developed their learning about plants and habitats to support their learning in science and developed team work and communication skills whilst being outside.

## TATSFIELD ROUND

We love to sing at Tatsfield and our choir have inspired some song writing sessions across the school. Children have been writing rounds based on the theme of Tatsfield using the tune of 'London's Burning'. Have a go at singing these in two parts! Children can keep writing their own versions of this round to share in Singing Assemblies!

### Online Safety News

**New kids online safety website launched as part of government campaign**

To mark Safer Internet Day on 16 February 2026, the Government launched a brand-new Kids Online Safety website, designed to help families feel more confident in guiding their children's online experiences.

This new resource has been shaped around the real concerns shared by families across the UK, helping to make everyday conversations about online behaviour simpler, more confident and more meaningful.

Developed with experts like Parent Zone and Internet Matters, it provides parents with simple conversation starters, age-appropriate advice on risks, and guidance on setting up parental controls.

The website is designed to support families and encourage regular conversations about what they're seeing online, asking simple questions, like "who shared this" and "why?". Based on parents' main concerns and needs, it provides:

- tips for parents' conversations with their children
- actions to support each stage of their child's life
- parental controls information

The website will also signpost to trusted resources from charities and third parties, where parents can access other forms of support (like speaking to an expert).

The website will continue to grow and be developed this year, supporting the Online Safety Act and wider government aims.
