*Please check term dates on page 5 of this newsletter or on the [school website](#) before booking holidays.
Absence for holidays is not authorised and could result in a penalty notice fine.*

FAMOUS GRASSHOPPERS

As a school, we have been learning more and more about why we have a grasshopper on our school logo, as well as the history of our House team names. We are learning about the connections we have with The Royal Exchange in London through the Gresham family links! Well done to Arlo and Sophia who both spotted the golden grasshopper on top of The Royal Exchange, as well as a number of grasshoppers in the surrounding streets. What great grasshopper detectives you are! Let us know if you visit the City of London and how many grasshoppers you can discover!

SUPER SWIMMING

An eager squad of Year 5 and 6 pupils attended the swimming gala at St Stephen's school just before half term. The Year 6 competitors were ready with their strategies during our pre-competition lunch time meeting, negotiating whose stroke was the strongest and what would be the best arrangement for the relays! Everyone swam fantastically, with all the races being incredibly close. Special mention to Oscar N who competed in both the Year 5 and Year 6 butterfly and came first in his freestyle race! All children were incredibly supportive, cheering on their teammates. Overall, we are delighted to report that Tatsfield came **second!** Well done everyone. Mrs Colegate and Mrs Knock were proud of each and every one of you!

ENRICHMENT WEEK

This year's Enrichment Week was full of a range of exciting activities to support this year's sustainability theme. Children were outside, using recyclable materials and working in house teams across the school to learn about sustainability and our environment. Some of the children's work will be on display in a trust wide exhibition on Friday 3rd July - more information to follow.

DANCE CHAMPIONS!

Congratulations to Kyra and Lilly in Year 5 who have both achieved great results in dance competitions recently. Kyra achieved three 1st place, one 2nd place and two 3rd place awards for her routines as well as Judge' Recognition for her singing solo. Her group were also awarded a Golden Buzzer their routine and they have made it to the finals in November!

Lilly has competed in the national British Art Awards Dance Competition and gained honours in the preliminary and semi-final rounds to earn her spot in the London finals where she came 3rd place for her acrobatic dance.

Congratulations to you both!

ROUNDERS

Year 3 and 4 pupils represented the school brilliantly at the recent Rounders Tournament for district sports. They started with suggested positions whilst fielding and then adapted to where others felt their strongest, they worked so well as a team, cheering each other on and deciding who would go in which position. They won two games and lost the third by only half a rounder! The umpired commented our team on their positivity and encouragement of each other and were awarded the best catch of the tournament too!

ATTENDANCE

Class attendance over the last two weeks:

Reception Class (Wrens) - 91.8%

Year 1 (Robins) - 96.7%

Year 2 (Kingfishers) - 95.9%

Year 3 (Woodpeckers) - 93.1%

★ **Year 4 (Kestrels) - 97.8% - Congratulations Kestrels!** ★

Year 5 (Owls) - 95.5%

Year 6 (Eagles) - 97%

Online Safety News

Common Sense Media launches new report on gambling among adolescent boys

Anyone raising a son is all too familiar with the rhythms of digital life. Between the nonstop notifications, ceaseless social media scrolling, and late-night gaming sessions, boys are figuring out who they are online. Parents love to see their sons connect, but they're uneasy, too. And the data backs up their concern.

Common Sense Media's newest research reveals that gambling has become common among adolescent boys, with more than a third of boys gambling before they turn 18.

In "Betting on Boys: Understanding Gambling Among Adolescent Boys," Common Sense Media's second report about boys' online lives, they discovered that for boys today, gambling largely doesn't happen at casinos or card tables. It lives in sports betting and inside boys' favorite video games—in loot boxes, skin cases, and other reward systems that blur the line between playing and paying—and it's showing up in their social media feeds through algorithmic recommendations. Nearly half of boys who gamble see online material that promotes gambling, mostly through algorithmic exposure.

The research makes clear that we're at a pivotal moment for boys' wellbeing. We can either let gambling become normalised during a critical period of their development, or we can act now—with education, safeguards, and real accountability.
