

VOLUNTEERS NEEDED 26/04/25 10am

ABOUT THE PROJECT:

We are organizing a clean up event to clear, repair and tidy the 'orchard area' next to Tatsfield school.

Why?

Owned by the school but a community area which could be used by all local groups. The school do not have the funds to renovate the area, and it is falling into disrepair and becoming an eyesore. Currently insecure, overgrown, neglected and unusable - this could be a fabulous outdoor area for groups. From the art group, preschool, yoga and of course horticulture - each group could benefit from a lovely outdoor space.

Want to help?

If you can help with gardening, tidying, fence and gate repair, tree and grass trimming or are happy to help in anyway - please get in touch.

email - office@littleacornstatsfield.co.uk

Once we have established what needs doing and have a team of wonderful volunteers we will organise some working party days to restore the area.
